Rus,

Thanks for bringing this error to my attention.
The correct reg nos. for products of PM Resources are:

1. 67517-90 and
2. 67517-91

Earlier, I sent a revised table to everyone.

Thank You,

Good Morning All,

I am providing the webteam additions and changes to the webpage that lists approved products. What is the status of 67519-90? It is on Dan's recent list of approved baitstation products but not listed as registered in OPPIN or PPLS.

Thanks,
Rusty
